Royal Melbourne Institute of Technology (RMIT)

RMIT International Industry Experience and Research Program (RIIERP)

<http://www.rmit.edu.au/riierp>

Since 1992, the RMIT International Industry Experience and Research Program (RIIERP) has provided outstanding opportunities for more than 1,000 RMIT students from all disciplines to work overseas with some of the world's leading companies.

Students who work overseas with the 145 partner organisations that support RIIERP gain the major advantage of developing skills in new and challenging environments. In addition, participants are exposed to the work practices of other countries and cultures, their learning tested and tuned in the international marketplace to which they aspire as graduates.

RIIERP experience is a head start in a competitive international jobs market. Those who make offshore experience part of their RMIT education are highly sought-after – often by the world-leading companies with which they do their work experience or research..

Eighty per cent of Australian companies surveyed indicated they would prefer to employ graduates who have had international industry experience during the course of their studies.

The quality of the partners RMIT has assembled is testimony to the quality of the program, which is informed by a Global Industry Advisory Board that includes representatives from Siemens Australia Limited, Coles Group, Volkswagen Group Australia, ABB Australia, Tyco International, Boeing, GKN Aerospace Engineering, Robert Bosch Australia, and BASF Australia.

Partner companies are based in 12 countries: Austria, Canada, Denmark, France, Germany, Sweden, Japan, Lichtenstein, Switzerland, The Netherlands, United Kingdom, United States of America.

Legend

Blue = Germany **Red** = Austrian **Orange** = Switzerland **Purple** = Liechtenstein **Black** = Other

Company	Country	Business
Audi AG	Ingoldstadt, Germany	Automotive
Audi AG	Neckarsulm, Germany	Automotive
Austrian Aerospace	Vienna, Austria	Aerospace Technology
Airbus	Bremen, Germany	Aircraft
Airbus	Hamburg, Germany	Aircraft
ABB	Baden, Switzerland	Power Automation
APL GmbH	Landau, Germany	Automotive
Astrium GmbH	Bremen, Germany	Space-Infrastructure
ARUP Group	Singapore	Civil Infrastructure
ARUP Group	Hong Kong	Civil Infrastructure

ARUP Group	United Kingdom	Civil Infrastructure
Apco-Technologies	Vevey, Switzerland	Space, Nuclear, Engineering
Basell Polyolefines	Wesseling, Germany	Chemical
BASF	Ludwigshafen, Germany	Chemical, Plastics, Biotechnology
Battenfeld	Germany	Plastics, Moulding Systems and Equipment
Bayer AG	Leverkusen, Germany	Chemical, Polymer, Crop Science
Bayer-Chemie GmbH	Aschau am Inn	Rockets, Propellants, etc.
Bentley Motors	Crew, England	Automotive
Beiersdorf AG	Hamburg, Germany	Chemical Products
Beta CAE Systems	Thessaloniki, Greece	CAE Pre –and Post processing
BMW AG	Munich, Germany	Automotive
Bosch Telecom	Salzgitter, Germany	Telecommunication
Bosch Telecom	Frankfurt, Germany	Telecommunication
Bosch Telecom	Munich, Germany	Telecommunication
Bosch	Gerlingen, Germany	Centre of Excellence for CFD
Bosch	Stuttgart, Germany	Piston engine injection Systems
Bosch Telecom	Salzgitter, Germany	Satellites, Space Vehicles
Bosch	Schillerhoehe, Germany	Diesel injection Systems
Bosch	Bamberg, Germany	R & D Automotive components
BOEING	Seattle, USA	Aircraft, etc.
Bussard Design GmbH	Ingolstadt, Germany	Automotive, Aircraft Design
Continental Temic	Ingolstadt, Germany	Automotive Electronics & Software
Continental-Teves	Frankfurt	Automotive
Daimler Benz	Stuttgart, Germany	Automobiles
Degussa AG	Hannau-Wolfgang, Germany	Chemicals
DLR	Stuttgart, Germany	Space Vehicles
DLR	Wessling, Germany	Space Vehicles
DLR	Hamburg, Germany	Space Transportation
DLR	Cologne, Germany	Development, Manufacturing of Satellite Systems
DLR	Braunschweig, Germany	Composites
EDAG-Engineering & Design	Ingolstadt, Germany	Vehicles, Production Systems development
Ericsson	Aachen, Germany	Mobile Telephones
Eurocopter	Donauwoerth, Germany	Helicopter, Components, Maintenance
Eurocopter	Ottobrunn, Germany	Development, Prototypes Manufacturing, Trails
EADS Deutschland GmbH	Munich, Germany	Aircraft and Space Vehicles
EADS Astrium	Stevenage, UK	Space Vehicles
EADS-Astrium	Friedrichshafen	Space Vehicles
EADS	Ottobrunn	Space vehicle, Military Aircraft
EADS	Manching	Space vehicles, Military Aircraft
EADS	Augsburg	Aircraft

Fa. Am surf Martin Gabler	Wettstetten, Germany	Component Design
Fairchild Aerospace	Wessling, Germany	Aircraft
Fujitsu-Siemens Computer GmbH	Augsburg, Germany	Computers
General Electric	Cincinnati, USA	Aircraft Engines
IBM	Heidelberg, Germany	Software development, E-commerce solution, etc.
Infineon	Villach, Austria	Microelectronics
INTALES Engineering Solutions	Augsburg, Germany	Technology Services, Structural analysis for Space, Aerospace and Automotive Industries
John Deere	Mannheim, Germany	Vehicles for Agricultural Industry
Juelich Research Centre	Juelich, Germany	Biotechnology
Kawasaki Heavy Industries	Japan	Aircraft and Industry Gas Turbine Engines
Leroy Sommer	France	Power plants for space vehicle
Litef GmbH	Freiburg, Germany	Navigation systems, inertial sensors, computers
Lufthansa	Frankfurt, Germany	Avionics
Lufthansa	Hamburg, Germany	Avionics
Lehmann Motoren	Liechtenstein	Race cars
Magna Steyer	Oberwaltersdorf, Austria	Automotive, Composite, Aerospace
Mann & Hummer	Ludwigsburg, Germany	Automotive components
MT-Aerospace	Karlsfeld, Germany	Light weight structures for aerospace application
MT-Aerospace	Augsburg, Germany	Space vehicles
Motoren-Werke Mannheim	Mannheim, Germany	Large marine diesel engines
MAN, M&W Diesel	Augsburg, Germany	Diesel engines
Maintenance Berlin/Brandenburg	Berlin/Brandenburg, Germany	Maintenance of aircraft engines and industry gas turbines
MTU-Maintenance Hannover GmbH	Hannover, Germany	Maintenance of large aircraft engines
MTU Motoren Turbinen-Union	Munich, Germany	Development, Production, Maintenance of aircraft engines
Nestle	Vevey, Switzerland	Food Technology
Oerlikon Contraves	Switzerland	Satellites
Orga Kartensysteme	Flintbek, Germany	Microprocessor and Memory Card
PB World	New York, USA	Engineering, Construction, Project Management
Pilatus Aircraft	Stans, Switzerland	Aircraft
Porsche AG	Weissach, Germany	Automotive
Peugot	France	Cars
Pratt & Whitney	Canada	Aircraft engines
Renault	Dieppe, France	Automotive

Rieter Automatik GmbH	Germany	Textile Systems
Robert Bosch Fahrzeugelektrik	Eisenach, Germany	Automotive systems
Robert Bosch	Bamberg, Germany	Automotive systems
Robert Bosch	Buehl, Germany	Automotive systems
Robert Bosch	Hannover, Germany	Automotive systems
Rolls-Royce	Derby, U.K.	Jet Engines
Rolls-Royce	Indianapolis	Jet Engines (JSF, Project)
Rolls-Royce Deutschland	Dahlewitz, (near Berlin), Germany	Jet engines, BR700 family
Rolls-Royce Deutschland	Oberursel (near Frankfurt)	Jet Engines
Sauer-Danfoss GmbH	Neumuenster, Germany	Integrated fluid control systems
Siemens	Augsburg, Germany	Computers and software development
Siemens	Berlin	Gas turbines power plants
Sextant Avionique	France	Power plants for space vehicles
Siemens VDO	Regensburg, Germany	Automotive electronics
3soft GmbH	Erlangen	Software Development
Tesa-Spacecom GmbH & Co. KG	Backnang, Germany	Satellites Communication Devices
Thyssen-Krupp	Liechtenstein	
Thyssen-Krupp	Munich, Germany	
Thyssen-Krupp	Budapest, Hungary	
Volkswagen	Wolfsburg	Automotive
Volvo	Goteborg, Sweden	Automotive, Aircraft
Vossloh	Karlsfeld, Germany	Electrical equipment
Wartsilar NSD	Switzerland	Large diesel engines, Gas Turbines

The Australian-German Association Inc.

<http://www.aga.org.au>

The AGA Fellowship covers a period of twelve weeks at a mutually agreed time. The chosen candidate will attend a German language course for eight weeks. The specific location of the course will be advised by the Goethe-Institut.

The chosen candidate must have a good working knowledge of the German language and is expected to spend the remaining four weeks of his/her time in Germany researching a topic of particular interest to the candidate. It is anticipated that this would involve the chosen candidate visiting centres of education, business and/or culture in Germany especially relevant to the chosen candidate's particular interests. One of the aims of the candidate should be the future enhancement of Australian German relations.

PAST WINNERS

Year	Fellowship Winner	Research Topic
1991	Suzanne Holt	Nutrition & Dietetics
1992	Marcus Ziemer, Melbourne - In 1992, Marcus was a lawyer at Mallesons, Melbourne	Comparison of constitutions of Australia and Germany
1993	Patrick Quirk - Currently assistant Professor of Law at Bond University	International Trade
1994	Anna Funder	* Re-assessing history: The Stasifiles
1995	Benjamin Ford - HR Arts Graduate, Perth	Industrial relations at motor vehicle manufacturing plants in Germany
1996	Caroline Batt - In 1996 Caroline was a lawyer at Blake Dawson Waldron - Now a Fleet Street journalist	* Constitutional law issues and media in Germany
1997	Simone Whetton - In 1997, Simone was a lawyer at Clayton Utz	Opportunities for reciprocal business between Australia and Germany
1998	Margaret Hamilton - Margaret currently works at the Australian Embassy in Berlin as arts marketing officer	Arts Management and Arts Relationships with Germany
1999	Peter Tregear, Melbourne - Arts Degree - Conductor and musician - Has taught at University of Queensland at Queens College, Cambridge	2 German composers
2000	Andrew Hurley - In 2000 Andrew was an environmental lawyer at Deacons	German environment law and German jazz of 1960's
2001	Michael Davis	* Role of the public intellectual
2002	Siobhan Maiden - In 2002 Siobhan was a film maker and teacher of drama/language in Melbourne	* Documentary films and film making in Germany

Year	Fellowship Winner	Research Topic
2003	Sonja Lee - In 2003, Sonja was an analyst at The Boston Consulting Group, Sydney	* B2B technology in the German Automotive OEM market
2004	Aurelia Stevens - In 2004, Aurelia was a member of Queensland Police Service, Brisbane	* Law Enforcement in Germany particularly with respect to organised crime
2005	Sam Einfeld - In 2005, Sam was a lawyer at Minter Ellison, Sydney	Review of German political parties at grass roots level PAPER NOT HANDED IN
