Editor's Note:

Another 12 months of SZENE! What a wonderful year of celebration of German teachers working together nationally! We have a new column in this issue: News from Europe. I hope you enjoy this personal perspective of current developments in Europe, this time with a focus on the recent election and the fall of the Berlin Wall. We hope to continue with this development and welcome feedback and contributions on this and any other features you might like to see.

Best wishes for a wonderful Term 4!
