German Student Exchange Programme between Victoria and Bavaria
Information for the 2014-2015 Exchange – Prices and Information subject to Change

This exchange programme offers Victorian students of German the opportunity to experience life with a family in Germany for a period of approximately ten weeks. The exchange is conducted on a reciprocal basis, so costs are relatively low. The AGTV and BJR are both not-for-profit organisations.

Who are the organisers?

The Bayerischer Jugendring (Bavarian Youth Council – BJR) is a public body commissioned by the Bavarian State Ministry of Education and the Arts with responsibility for international student exchanges for Bavaria, Germany. The Association of German Teachers of Victoria (AGTV) is a registered exchange organisation with the Victorian Registration and Qualifications Authority (VRQA) and has co-ordinated the BJR exchange in Victoria since 1988 in co-operation with Victorian teachers and schools.

Who can go?

Victorian students of German in Year 9 & 10 apply to be matched through the BJR Exchange when they are in Year 10 or Year 11 the following year. The German students arrive in February of the year after the application. Successful students need to be excellent ambassadors for Australia, their school and their family. Host families need to be friendly, tolerant of cultural differences and flexible. The application process requires students and their families to undertake a Working with Children Check. Students, families and schools must agree to abide by the AGTV student exchange guidelines.

What role does the school have?

The school must agree to be part of the AGTV/BJR student exchange programme and needs to provide a confidential recommendation about the Victorian student/s applying. This involves sharing responsibility for overseeing the German student/s at the school, including appointing a contact teacher at the school who is the first point of contact for the German student and host families throughout the exchange in Victoria. As the BJR Exchange students travel on a student visa they should be enrolled at the school upon arrival. This means they are eligible to be counted in the February student census data reported for student funding.

How does it work?

This is a direct exchange involving students, families and schools. Applicants are matched in Germany according to interests, personality, gender, family etc. It is very important that students provide accurate information about themselves and their family.

The German exchange partner stays with the Victorian host family for ten weeks from mid February to late April 2014, during which time a picnic in the Royal Botanic Gardens Melbourne, a study tour (for the German students only) and another picnic later in the stay are organised.

In late November 2014, the Victorian student returns the visit, staying with their German host family in Bavaria, experiencing Christmas and New Year German-style and participating in an optional group study tour to Berlin in January. The study tour is led by the Australian Group Leaders in cooperation with personnel appointed by the BJR. The students also meet with Group Leaders and BJR personnel in München in early December to discuss their experiences.

Please note that the AGTV and BJR reserve the right to send students home to the host family from a study tour and in certain circumstances a student may be sent home to the family in Australia or Germany.

How much does it cost?

Costs include:

- The airfare, which varies from year to year. In 2012, the approximate cost of the airfare, including travel insurance, airport taxes and GST, was in the vicinity of $2,700.00 per student.
- Administration fee detailed below
- Passport

Deutsch für die Zukunft
• In kind hosting costs while the German student lives with the family (food, family activities etc.)
• Spending money while in Germany
• Participation in optional Study Tour to Berlin costing approximately $700.00.

Process

Students are requested to submit an *Expression of Interest* form by the end of April.

The AGTV Co-ordinator of the *BJR* Student Exchange then mails an Application Form to the Student and their family to complete. When this is completed it is mailed together with a cheque to the AGTV Co-ordinator of the *BJR* Student Exchange Programme (deadline Monday June 17, 2013).

At the same time, forms are sent to the Applicant's school. These include a Confidential Student Recommendation and a School Agreement to support and participate in the AGTV / *BJR* Student Exchange Programme.

Matchings are made by the *BJR* team in Germany and students and schools are notified of the outcome by mail, usually by early October. A series of pre-departure and pre-arrival meetings are held in Melbourne to assist families preparing for the exchange.

Administration Fee 2013

<tr>
<td>Student from non-member school</td>
<td>$700.00 administration fee $650.00 refund if unsuccessful</td>
</tr>
</tbody>
</table>

*PLEASE NOTE THAT PRICES ARE SUBJECT TO CHANGE EACH YEAR*

Travel Arrangements

The Australian students on the *BJR* Exchange will fly as a group with Group Leaders to München, Germany in late November 2014 and will return early February 2015. All travel arrangements to and from Germany for the Australian students are the responsibility of the AGTV and will be negotiated with a travel agent selected by the AGTV. All parents in the group share the travel costs and insurance of two group leaders, although complimentary tickets are usually provided with large group bookings. The families also pay for their child's passport, travel & health insurance, and airport taxes and any additional fees imposed by the airline.

What is expected of the Victorian Host Family?

The host family is expected to provide for their German guest as they would for their own child. It is recommended that a separate room be provided for the guest to give them some personal space, but this is not essential. Host families need to be open to understanding cultural differences during both stages of the exchange and work through concerns in consultation with the school's contact teacher, the AGTV Coordinator and *BJR* team. The team from *BJR* in Munich oversee any concerns whilst the students are in Germany in consultation with the AGTV Coordinator and Victorian Group Leaders.

Applications

Students wishing to apply for exchange should discuss this with their German teacher at school to gain the school’s support and then complete the initial AGTV – *BJR* Expression of Interest form in German available on the AGTV website. It is due by the end of April.

Exchange application forms are then mailed to all students who have submitted an Expression of Interest. Forms are also mailed to applicants’ schools for completion. This occurs in May.

Expressions of Interest and Applications received after the closing date may not be accepted. Please note that students are not selected on the basis of their German writing skills. Matchings are made on the basis of the information provided on the Application Form.
